

**Dr Kimberly McCord, Boston Children's Hospital and Harvard Medical School, Boston MA.**

Kimberly Mc Cord is a clinical researcher with a PhD in Epidemiology. The focus of her studies has been on the use of routinely collected data (RCD) in clinical research, including registry RCTs. She has collaborated in the CONSORT extension for trials using cohorts and routinely collected data and published several meta-epidemiological analyses on the application of RCD in trials. Kimberly is a Data Science Research Fellow at Boston Children's Hospital and Harvard Medical School in Boston, Massachusetts.
