

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 **6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE**

Fee: €125 General, €75 Student

SCHEDULE

Time	Title	Speaker(s)
10:00 - 10:10	Welcome Address	Prof. Athene Lane Prof. Declan Devane
10:10 - 10:25	Trial Steering Committee research, including the role of the chair	Prof. Athene Lane
10:25 - 10:35	A funder perspective of a “successful Trial Steering Committee” – UK	Prof. Olivia Wu (NIHR)
10:35 - 10:45	A funder perspective of a “successful Trial Steering Committee” – Ireland	Dr Fiona Manning (HRB)
10:45 - 10:55	A UK sponsor perspective of a successful TSC	Dr Birgit Whitman
10:55 - 11:05	An Irish sponsor perspective of a successful TSC	Prof. Peter Doran
11:05 - 11:25	Q&A – Chair: Prof. Declan Devane	Prof. Athene Lane Prof. Olivia Wu Dr Fiona Manning Dr Birgit Whitman Prof. Peter Doran
11:25 - 11:35	Break (10 mins)	
11:35 - 11:55	TSC Experiences	Prof. Peter Bowyer Prof. Alistair Nichol

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE

Speakers:

Professor Athene Lane
*Trials Research in Population
Health Sciences
University of Bristol*

Athene Lane is a Professor in Trials Research in Population Health Sciences, University of Bristol. She is also a Senior Trial Methodologist in the Bristol Trial Centre. Her main research interests are in designing and conducting feasibility and definitive trials of healthcare and lifestyle interventions across a range of clinical areas. She has coordinated the NIHR HTA randomised trial of treatments for localised prostate cancer – ProtecT and the ten year median outcomes had international impact. Her research also includes the role of diet in cancer, PROMS design and utilisation. Fellow of the Society of Clinical Trials and Deputy Editor of Clinical Trials.

Professor Declan Devane
*Health Research Methodology
University of Galway*

Declan trained as a nurse and a midwife, meandered (with the help of opportunity, interest and luck) his way into trial methodology and evidence synthesis and his work now focuses on a blend across randomised trials and synthesising evidence across a number of clinical areas. Declan is the Chair in Health Research Methodology and Deputy Dean of the College of Medicine, Nursing and Health Sciences at the University of Galway. He is also the Scientific Director of the HRB-Trials Methodology Research Network, Director of Evidence Synthesis Ireland and Director of Cochrane Ireland. He has served on numerous Trial Steering Committees and Data Monitoring Committees.

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 **6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE**

Speakers:

Dr Fiona Manning

*Programme Manager
Clinical Trials and Infrastructures
Health Research Board*

Fiona is Programme Manager for the HRB Clinical Trials and Infrastructures portfolio. She is responsible for managing the portfolio of HRB's clinical research investments, which includes infrastructures (Clinical Research Facilities, Cancer Trials Groups and Network, Clinical Trials Networks, TMRN, NCTO) and trial activities funding programmes (DIFA). Prior to her role at HRB, Fiona was Senior Research Officer at the Office for Research and Innovation at RCSI, where she managed support for researchers for national research funding programmes, including HRB and SFI, and played a leading role in developing the university's activities in PPI in research.

Dr Birgit Whitman

*Head of Research
Governance & Integrity
University of Birmingham*

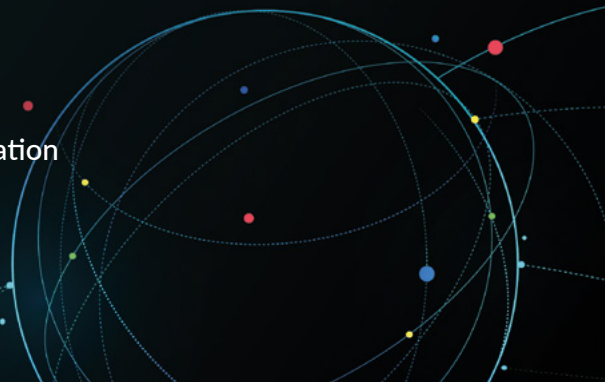

Birgit joined the University of Birmingham as Head of Research Governance & Integrity after 11 years in this role at the University of Bristol. Prior to this, she worked 20 years in the NHS as a Research Assistant in Surgery, pre-implantation QA lead for the national abdominal aortic aneurysm screening programme, NHS R&D Manager and Trust Innovation Lead. She completed her PhD in the Wellcome Unit for the History of Medicine at Glasgow University looking at Breast Cancer treatment and patient narratives. Birgit has worked for the Leonard Cheshire Foundation (an international Foundation that has the aim of changing attitudes towards disability) and has completed a degree in History and Women's studies.

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE

Speakers:

Professor Alistair Nichol
Critical Care Medicine
University College Dublin

Professor Alistair Nichol is the Chair of Critical Care Medicine in University College Dublin and the Director of the Irish Critical Care- Clinical Trials Network and Consultant in St Vincent's University Hospital, Dublin. He has been an investigator on peer reviewed grants worth over 65 million euros from Ireland, Europe, Australia, New Zealand and Canada. He has completed the hat trick of first author publications- in NEJM, Lancet and JAMA. Currently he is completing trials in the critically ill which will randomize over 20,000 patients in the next 5 years. He has academic interests in Pandemic Preparedness, Cardiac Arrest, Trauma and Mechanical Ventilation.

Professor Carrol Gamble
Professor of Medical Statistics
University of Liverpool

Carrol Gamble is a Professor of Medical Statistics at the University of Liverpool, an NIHR Senior Investigator and Director of the Liverpool Clinical Trials Centre, a fully UK Clinical Research Collaboration (UKCRC) registered Clinical Trials Unit (CTU). Carrol is a member of the Trials Methodology Research Partnership Statistical Analysis and Health Informatics Working Groups and co-chairs the Data Sharing sub group. Carrol chaired the UK network of statisticians in UKCRC registered Clinical Trials Units for 10 years, was a member of the UKCRC registered CTU group on data sharing and is now deputy Chair for the Policy Group.

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE

Speakers:

Alan is Professor of Medical Statistics and Clinical Trials at the University of Nottingham, and Director of the Nottingham Clinical Trials Unit. He works collaboratively on large, multicentre randomised trials across a wide range of clinical specialties and settings. Alan is an experienced member and chair of Steering and Data Monitoring committees.

Professor Alan Montgomery
University of Nottingham

Andrew is the Professor of Clinical Epidemiology at University of Galway and Consultant Nephrologist at Galway University Hospitals. He is the former Director of the HRB Clinical Research Facility Galway and MSc Clinical Research at University of Galway and is an experienced clinical trialist. In addition to leading core research infrastructure at University of Galway (providing supports to investigators for a broad clinical trial portfolio) he also has experience as Chief Investigator, Trial Steering Committee Member, Data Safety and Monitor Board Chair and Chair of Event Adjudication Committee and is a Member of the National Research Ethics Committee for Clinical Trials.

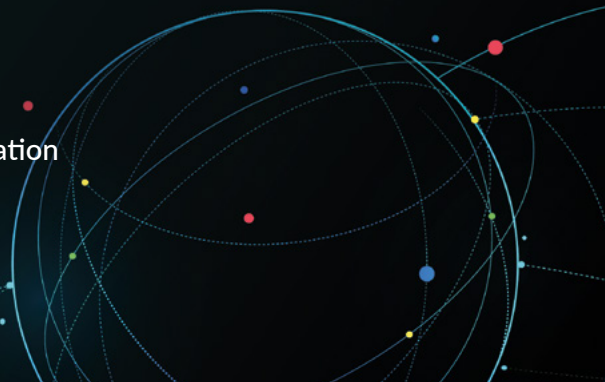

Professor Andrew Smyth
*Professor Clinical Epidemiology
University of Galway*

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 **6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE**

Speakers:

Dr Doreen Tembo

Head of Public Involvement and Engagement at Health Data Research UK & Strategic Lead of Public Engagement with Data Research Initiative

Doreen Tembo is Head of Public Involvement and Engagement at Health Data Research UK and the Strategic Lead of the Public Engagement with Data Research Initiative. She spent her early career working in the social economic development sector in Zambia where she developed her unending passion for the active engagement and involvement of public partners in health and care research, policy, and delivery. Doreen has research, partnership and stakeholder development and management experience from the national and global health research sector having held leadership positions with regional, national, and global programmes in the UK National Institute for Health and Care Research (NIHR) since 2010.

Ms Edel Murphy

National Programme Manager, PPI Ignite Network

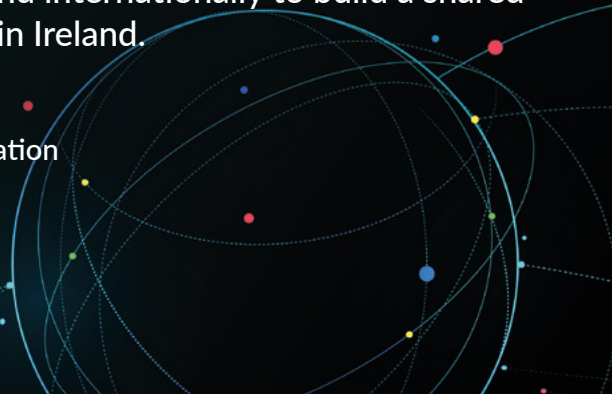

Edel Murphy is the national Programme Manager for the PPI Ignite Network in Ireland. Edel has worked in the area of public and patient involvement (PPI) in research for a number of years, working with researchers across all disciplines and with the public to build PPI capacity among both constituencies, delivering education and training and providing support to help researchers understand how to plan for and embed the public and patient voice across their research. In her current role, Edel is driving the development and growth of an energetic, collaborative and innovative Network, which brings together a diverse range of stakeholders nationally and internationally to build a shared voice for PPI in research in Ireland.

TRIAL STEERING COMMITTEE WORKSHOP: A PRIMER FOR TSC MEMBERS

 6th June 2024 | 10:00 – 16:00 (UTC) | ONLINE

Speakers:

Professor Matt Sydes
MRC Clinical Trials Unit at UCL
UK

Matt Sydes was part of the DAMOCLES project in data good practice for Data Monitoring Committees where he undertook two reviews on DMC use and practice, and co-led the development of the IDMC charter which is now commonly used in academic trials. Matt has extensive experience of designing, running, analysing and disseminating clinical trials and associated methodology. He leads the Trial Conduct Methodology research area at MRC CTU at UCL. He has attended nearly 300 IDMC and TSC meetings as an independent member, and many more as a reporting statistician.
